NEW — SLIDING DATE FILTERS

All the reporting capabilities you had before...PLUS

Global Time Zone Support

View dashboards and reports in any global time zone or see the same data for different time zones. Choose date and time formats.

Improved Report Performance

More consistent performance. Faster loading and rendering of large data sets.

Powerful Customization Tools

Fewer steps and no proprietary coding needed for creating and customizing reports and dashboards.

Dynamic Chart Creation

Create visualizations and charts directly within reports for different perspectives and insights.

Smarter File & Folder Structure

Create folders and subfolders to better categorize and sub-categorize dashboards and reports.

Time Duration Stats

Aggregate and filter time-based stats such as Average Handle Time to drill into the data and identify specific areas not meeting target SLAs.

Simple Report Customization

Simply select your desired report columns from our complete data sets to customize your reports. Then check the boxes to show or hide the columns you want included in the report.

Same Look and Feel: Dashboards Then vs. Now

About Serenova

Serenova has transformed the customer experience. Over a decade ago, the company realized technology didn't exist that could deliver immediate, consistent, and exceptional service. So, it created a true cloud contact center solution that could. The result is the ability to unify everything from customer engagement to quality management to analytics. This single source of truth provides global brands insights about customer information and experiences as they pivot between channels such as SMS, voice, or Facebook messenger.

Whether it's technology, healthcare, or retail, brands from all industries come to Serenova for its global coverage and deep integrations into the business systems used every day. Why is this important? It creates the opportunity to keep pace with customers by quickly scaling up across the enterprise or out geographically. Recognized by analysts such as Gartner, Serenova is committed to building on an 18-year legacy leading the way in cloud-based contact center innovations.
