

Avaya Device as a Service

Put the Latest Communications Technology on Employee Desktops Without Impacting Your Cash Flow

If you are not using the latest communications technology on your employee desktops, you are falling behind. Now Avaya makes it easier than ever to empower employees with the award-winning Avaya Devices. A large up-front capital outlay is no longer a barrier to accessing the industry's most powerful communication tools to increase employee productivity. Avaya Device as a Service enables customers to subscribe to use devices on a monthly basis. When combined with an Avaya cloud solution, this means one low monthly payment for both your cloud service and your smart devices. And there is always the option to cancel this service—which reduces your risk.

And Avaya's latest smart devices are platform agnostic—which means you can enjoy all the benefits of the Avaya Devices regardless of the UC platform or cloud service you are currently using.*

Flexibility to your business—easily refresh/upgrade to latest devices.

Key Capabilities at a Glance

Change the way your mobile, distributed workforce collaborates. Deliver an engaging experience for voice, video and mobility on virtually any device.

Subscription Flexibility: Purchase only what you need, when you need it.

Cancellation Options: You can always cancel the service, which reduces your risk.

Upgrade as Needed: Upgrade to a more sophisticated device at any time with no penalty charges.

Modernize Your Communications: Access the industry's most advanced portfolio of business communication devices.

Stay Current: At the end of the term, exchange your existing devices for new ones.

Easy Installation: Avaya's Device Enrollment Service delivers no-touch plug and play setup.

Simplified Administration: Combine Device as a Service with your Avaya Cloud subscription for a single bill.
